SPECIAL MESSAGE FROM ERIC WOBSER

ERIE COUNTY CHAMBER MEMBERS,

Thank you for your continued membership and support. We are in an exciting period of the Erie County's Chambers (ECCOC) history, as the integration of ECCOC and the Erie County Economic Development Corporation provides a unique opportunity to scale up our reach and impact in the years ahead as part of the Greater Sandusky Partnership (GSP).

Programs that now fall within the GSP family include Economic Development, Entrepreneurial Support (RISE), Workforce Development (Firelands Forward), the Erie County Port Authority, Destination Sandusky (taking on the mission of Sandusky Main Street), and the Helm Sandusky (online digital marketing and journalism). These new activities will supplement the ongoing advocacy and membership services of ECCOC. Combined, these activities will lead to a stronger business climate for our members.

The goal of this endeavor is to make sure that the individual pieces of GSP add up to improved economic vibrancy and quality of life for our region and our members. We believe our region has the potential to be the greatest destination on the great lakes for businesses, residents and visitors. In order to deliver on this vision, we will undertake a strategic planning process later this year that will focus on alignment. We will work to align organizational governance, mission, resource development, and branding. With so many component pieces, it's important that members and external stakeholders understand who we are and the impact we are making on the region.

We look forward to engaging you in the planning process and to incorporating your feedback into the direction the GSP takes over the next several years. Please don't hesitate to reach out to express interest in participating in the planning process or to ask questions. You can reach me at ewobser@greatersandusky.com.

Sincerely,
Eric Wobser, CEO, the Greater Sandusky Partnership

Business Community Endorses Sandusky Recreation Center

Vote Yes for Issue 14

October 10, 2023

Two different leading business organizations in Erie County endorsed Issue 14, to help operate a new Sandusky Recreation Center for the community in the past week. The Greater Sandusky Partnership (GSP) and the Erie County Chamber of Commerce (ECCOC), who are aligned together under the GSP banner, both voted unanimously to help push for the new rec center facility.

Issue 14, a parks and recreation center on the ballot in November will be paired with capital dollars available from Cedar Point to build the foundation for a new recreation center in the city. While it and of itself the new recreation center will be a tremendous asset for current residents, both business groups pointed to the new amenity as a tool for workforce retainability and attraction as well.

Eric Wobser, CEO of GSP, said, "Like in most communities, attracting and keeping employees and their families is a top priority and access to a recreation center will be a big plus for current employees all over town."

Duff Milkie, Chair of GSP, said, "The City of Sandusky is on a very positive roll right now and we want to make sure that it continues for generations. A rec center is a must have for communities who want to grow and attract a diverse population – young and not so young. GSP has adopted population growth over the next generation as the key to a growing economy for the entire region and will be releasing a strategic plan next year which includes other priorities that provide the building blocks for long term growth like affordable housing and infrastructure.
