# Chamber History

## On behalf of the Defiance Area Chamber of Commerce – Welcome!

The Chamber enjoys a long and successful history of serving our business community. Originally founded in 1938 by three local businessmen as The Defiance Civic Club, Inc., the organization's initial mission was "to promote unity of action for the welfare of the city of Defiance, Ohio." In 1941 the nonprofit became known as The Defiance Chamber of Commerce and evolved to The Defiance Area Chamber of Commerce in 1966. To further support educational opportunities throughout our community, the Chamber established the Defiance Area Chamber of Commerce Foundation in 2012.

**1952:** 504 Fourth St., Defiance, OH

Defiance is a great place to live and work - a vibrant and progressive community that is rich in history, small town experiences, strong educational systems, and a superior quality of life built on family values. For more than 80 years the Chamber has been serving the greater Defiance area as an effective community development organization. The Chamber is a vital connector and has remained true to its purpose of promoting industrial, commercial, professional, civic and general interests of the community.

**2012:** 325 Clinton St., Defiance, OH

The Chamber is strongly committed to continuing to help build an even greater community through our efforts to serve, connect and promote our members, improve the business climate, offer educational support for the workforce, and advance the development of the area.

## People Do Business With People They Know and Trust

***We invite you to join the Defiance Area Chamber of Commerce!*** A national survey of 2,000 adults, conducted by the Atlanta-based strategic consulting firm Schapiro Group, revealed that being active in a local chamber of commerce is an effective business strategy, and that two-thirds of consumers believe that such companies use good business practices, are reputable, care about their customers, and are involved in the community. The study indicates that local chamber membership has consistent and powerful benefits for small business members, and small businesses are the largest segment of the Defiance Area Chamber of Commerce membership.

**2020:** 400 Clinton St., Defiance, OH

***To be successful, we need YOU to be successful!*** The Chamber is a leading business advocate and provides multiple opportunities for networking, educational development for future leaders, and money-saving programs that benefit both your business and your employees. We value and appreciate our nearly 400 members who invest their time and talents toward the endeavors of the Defiance Area Chamber of Commerce. We look confidently to the future with optimism and know our community will move forward together!

# Impacting the Quality of Life

## Growing Through Giving

DEFIANCE AREA FOUNDATION
Serving Defiance County

The Defiance Area Foundation (DAF) recently celebrated reaching nearly $14 million in assets thanks to four decades of generous donors and community support. The pandemic has surely changed our lives, but we haven't seen a change in the generosity of our friends and neighbors in Defiance County.

In 1979, H. Eugene Smart had a vision to form a charitable foundation that would support projects and programs within the Defiance Community. From the inception, the Foundation has focused on and participated in the building of capital projects and funding of programs that impact the quality of life in Defiance County.

Last year, we awarded 189 grants to 94 organizations totaling $488,870. Total giving to the Foundation was $554,104, which came from 365 donors and 572 gifts. We are excited to share some of the initiatives we have been working on the past few years!

This past year our Youth Engaged Leadership and Philanthropy Team (YELP) continued their great work in the community! The YELP group had the privilege of working on a brain mapping exercise to pool ideas for possible 2030 projects! This challenged the students to think "big picture"! Many ideas revolved around restaurant venues and cultural foods – and outdoor opportunities like an ice skating rink or amphitheater.

Project 2030 is an exciting new community opportunity. The goal is to collaborate with 100 families/businesses to raise $500,000 through donor "shares" to build something really cool in the year 2030 – something that we can only dream about today. We are half way toward our goal. Currently 53 families are participating and $235,000 in commitments have been made. Partner level commitment is $25 (cost of one share) per month for 10 years, or $3,000. Affiliate level participation is an annual gift of $300 or 12 shares. Donations of $10,000 can be made at the Visionary level.

The Women's Giving Circle of Defiance County recently celebrated their 10th Anniversary and awarded 10 grants of $1,000 each to eligible non-profits in Defiance County. A scholarship fund was also started to benefit women furthering their education in Defiance County. The Women's Giving Circle has awarded $214,130 to support programs that impact the lives of women and children through education, direct projects and partnering with other organizations. Members are asked to contribute $1 a day to support the community and become a member of The Women's Giving Circle of Defiance County.

The Clothes for Kids initiative was a success this year with over 208 children benefiting with nearly $40,000 in clothing, sweatshirts, extra shoes, masks, etc. being donated to Defiance County Schools.

Education is also a high priority for The Defiance Area Foundation and our donors. Through the support and generosity of Defiance County, $32,850 was awarded in scholarships last year, from scholarship assets totaling over $1.7 million.

As we look ahead to the future, we trust that with your help, we will make Defiance a better place to live, work, and raise our families. To learn more about any of these initiatives, e-mail chris@defianceareafoundation.org or visit our website www.defianceareafoundation.org.

# Defiance College

Chartered in 1850, Defiance College is a private, liberal arts-based college providing outstanding academic programs and co-curricular activities.

Defiance gives students an education that defies the ordinary; where they can grow through outstanding academics with expert faculty who care about them. Students are provided remarkable learning experiences that connect the classroom to the real world. With a job placement rate of 96.8 percent, Defiance also helps students find their career after graduation - including graduate/professional school.

Defiance College recently established an innovative new program called Jacket Journey. DC is the first four-year college to require every student, in every major, to participate in career-readiness programming every year, from matriculation to graduation. Through that unprecedented approach, we are equipping students with the knowledge, experiences, and habits critical to achieving career success.

Students at Defiance have multiple opportunities to graduate with a resume that really stands out. They can engage in academic research programs which rarely happens before the graduate school level at other institutions. DC students also present at state and national conferences, campus symposia, and create capstone projects that represent a deeper understanding of their academic accomplishments.

A key component to life at Defiance is community service, with students providing more than 12,500 hours of service to the community annually. Within the local community, Defiance College students are involved in many projects related to their academic fields or interests. The Service Leadership Program is designed for students who have served and led their community in some way and who want to continue that commitment. Defiance is consistently recognized by the President's Higher Education Community Service Honor Roll.

Service opportunities intertwined with a Defiance education extend beyond the local to leave a global fingerprint through the McMaster School for Advancing Humanity - a program that is unique among colleges and universities across the country. Since its inception 17 years ago, more than 27,000 people have been impacted through the McMaster School's community-based research projects, both locally and globally.

Another important piece of a Defiance College education is student life. The College campus offers a variety of organizations, clubs, and activities, including honor societies, religious groups, sororities and fraternities, intercultural organizations, student government, intercollegiate and intramural athletics, literary publications, vocal and instrumental music and performance groups, service learning activities, and special interest clubs.

Defiance College is guided by the four pillars of its mission: To Know, To Understand, To Lead, and To Serve. **For more information, visit www.defiance.edu.**

# Andrew L. Tuttle Memorial Museum

History is not contained in textbooks, but in our community and its institutions— the local library, museum, archives and its historic buildings and places. These are where we find what we call primary sources, and they help form our identity as a people and community. These are the tools by which we educate ourselves about our heritage that empowers us to envision a better future.

The Andrew L. Tuttle Memorial Museum has been created to foster an understanding and appreciation of the diverse history of the City of Defiance and its immediate surrounding area by responsibly collecting, preserving, interpreting and exhibiting items from the area's natural and cultural history. The museum is owned by the City of Defiance with operation overseen by the city historian and a board of advisors that reports to the Defiance City Council.

*"History is to our community as memory is to the individual."*

Volunteers placed the school on the National Register of Historic Places. We maintain an office currently in the old Legion Building on Clinton Street where we store our research and hold board meetings.
