**What Is A Player Ability Assessment?**  
Player Ability Assessment (PAA) is a program designed to assess the skills of each player, in an effort to balance the league's teams during the team formation phase.

The effectiveness of the PAA depends highly on player attendance and coach participation, so please make plans to attend. Parents will be notified when and where the assessment will be conducted during the registration process.

The atmosphere of the PAA is very relaxed, so players should not have any undue pressure from parents. Please note: this is NOT a PASS/FAIL type of assessment.

### Divisional Breakdowns:

Each sport will have an as of date. However old the child is by the as of date will determine their age division. The "U" stands for under.
