

BECOME A MEMBER OF COPPERAS COVE'S YELLOW RIBBON COMMUNITY

The Copperas Cove Chamber of Commerce Military Affairs Committee has joined together with the local community to demonstrate our support for our military service members and their families. Business and organization members of the Yellow Ribbon Community Program are dedicated to offering discounts on purchases or services or providing free services to the military. Fort Hood has a military strength of nearly 36,000 soldiers and airmen and nearly 53,000 family members, providing a large consumer base for local businesses and organizations.

The Yellow Ribbon Community Program consists of a chamber webpage where the discounts or savings from local business will be posted. We would like to offer your business the opportunity to provide employees an incentive to shop, dine or visit your business through this program. Additionally, Yellow Ribbon Community businesses and organizations will receive a door cling and window poster signifying that they do offer discounts to military service members and their families.

As a business partner, joining the Yellow Ribbon Community program is fast and simple and there is no cost to your business or organization for participating. Businesses that are able to offer a free, discounted, or special service to military service members and their families are added to the list of participating vendors and featured on the chamber Yellow Ribbon Community webpage.
