

The Student Employment Programme offered by Chubb is a challenging summer-long work experience opportunity for Bermudian university students. The program allows talented and motivated students to learn in a dynamic work environment and receive hands on work experience related to their path of study or chosen career.

Students will interact with industry professionals from whom they can gain valuable business skills to serve them in their future careers.

Chubb is committed to identifying and developing the best talent that Bermuda has to offer by giving students the tools to reach their full potential.

Required Documentation

- Transcripts
