

Mosaic internships

Looking for a *bold, collaborative, fun* summer?

Mosaic Insurance has opportunities for two interns this summer. We're an entrepreneurial, global specialty insurance company with seven lines of business across seven countries. Our structure and business focus may be a little different than many of our peers in the Bermuda market, but we like to stand apart. We believe in "Partnership with Purpose" (our tagline) and our corporate values reflect the attitude we try to bring to everything we do (Be Bold! Work together. Have fun!). Does that sound like you?

If yes, reach out to careers@mosaicinsurance.com and send us:

- a :30- to :60-second video telling us about you, your dreams and goals
- your resume/CV
- proof of Bermudian/PRC status

Deadline: Friday, April 14
