

Membership BENEFITS

The Wauwatosa West Allis Chamber of Commerce is a proactive business association serving its members by providing networking, professional education, and marketing. Collaborating with government entities and other partners we strive to improve the economic health of Wauwatosa and West Allis. We represent companies in and around the west suburban Milwaukee community. The Wauwatosa West Allis Chamber of Commerce has been actively representing members since 1939.

Serving a diverse membership enables us to stay in touch with business needs and concerns. Governed by a volunteer board of directors who represent segments of the membership, our goal is to provide guidance and networking opportunities to promote the future of your business.
