The CSRROC through this statement of policy makes it clear its unequivocal support for the policy of competition served by the anti-trust laws and its uncompromising intent to comply strictly in all respects with those laws. It is the individual responsibility of every member of the chamber to be guided by the anti-trust laws. It shall be the responsibility of committee, chairpersons and Chamber officers to assure that this policy is known and adhered to in the course of activities pursued under their leadership. It is not the Chamber's role to act as an arbiter or judge of competitive conduct of its members. As such, this statement of antitrust policy is not a mechanism through which members should charge another member with alleged illegal action.
