Qualifications and Plans

As the National Advisor for NSSLHA I presented budget reports and led the organization through budget planning. In addition, I helped reorganize the organization to diversify the revenue stream to ensure a solid operating budget and healthy reserve fund. In my current role as department chair, I ensure the department operates within budget while meeting the goals of the department and the needs of the faculty and students. Throughout high school and college I served as treasurer for multiple student organizations. I believe I have the experience to serve as Treasurer and adequately fulfill the responsibilities of the role for the organization.
