

Kickoff 2020 with a Free Wellness Program for your employees!!!

Does your company currently offer a health and wellness program for your employees? If you do not currently offer a program, please continue to review this fantastic opportunity for you and your employees!

By utilizing the 2017 billion back dividend, and in cooperation with ActiveHealth® Management, BWC would like to provide your employees a **COST-FREE**, hassle free, comprehensive, easily accessible, employee centric wellness program which provides them a minimum \$75 incentive and maximum \$175 for participating. Are you interested?

I would like the opportunity to fill you in on our program, Better You, Better Ohio! We also have BWC Business Consultants around the state that would be happy to meet with you and/or your staff to review more details about this great opportunity.

If you would rather attend a free 25-minute webinar to learn more, please see the events scheduled for this month and you can click the following link to register to enroll:
