

## Client Approval Form

Association of Destination Management Executives International (ADMEI) recognizes member excellence in Destination Management Company (DMC) program, component development, and delivery via its annual awards program. Submissions in 19 award categories are judged by teams of international industry professionals and the award winners are celebrated annually.

Your DMC partner is very proud of the service they provided to you and would like to submit your program/event (or component) for consideration of an ADMEI Award. ADMEI Award submissions require Client Approval and instructions on anonymity. You may choose to approve having the submission submitted anonymously, which would mean that your corporate name or logo would not appear anywhere in the submission materials.

Please review, complete, and sign the form below and return to your DMC partner.

Thank you!
