Join us on Thursday, February 17, 2022, for the Annual Meeting & Awards Banquet. This event is our opportunity to recognize Chamber members and volunteers for all they have done to help the Chamber grow. It is also a time to celebrate Chamber and business accomplishments this past year. We will recognize outgoing board members, welcome new board members, and present the goals for 2022.

As a Chamber, we annually recognize innovative, successful member businesses. Two Business of the Year awards will be given, recognizing outstanding achievement by companies with 1-20 employees, as well as 20+ full-time employees. In addition, we will also

recognize an Outstanding Chamber Member, an Outstanding Community Volunteer, and award the Marie Blakeman Award.

In addition, we will present our newest award category, the Manufacturer's Award. This award was developed to recognize a team or organization for their outstanding accomplishments that have had a significant impact within the manufacturing industry.

# Thank You for Your Investment!

Membership is the lifeblood of a Chamber. Without membership investments and involvement, there is no Chamber. The strength of a Chamber is found in the members and their commitment to the mission and the role of the Chamber. Thank you for your involvement and commitment.

There are many ways for you to be involved in the Chamber. There are a number of ongoing committees, event committees and task forces in which to participate, along with attending events that are held throughout the year. Please make the most of your membership by getting involved. I would be happy to meet with you and your team to review Chamber benefits and involvement opportunities.

At the Board/Committee Chair Retreat in December, the current board and committee chairs spent the morning reviewing accomplishments, the membership survey results and setting plans for 2022. The 2022 Plan of Action will be approved at the January board meeting and will be posted on the Chamber's website.

As a chamber and a community working together, we made it through a challenging 2021. Congratulations!

We look forward to 2022 with great hope.

Through the advent of social media along with cameras conveniently incorporated into phones, it has never been easier to produce video content for your business, small or large. 2022 marks the 25th year that Bill has been in video production. Before starting his video production business, he was a video producer at the third largest nationally distributed home shopping company in the US. ### OSHA Delays Effective Dates for Vaccine & Testing Mandate Following Reinstatement of the ETS

Wisconsin Manufacturers and Commerce (WMC) recently announced that the Sixth Circuit Court of Appeals lifted the stay of OSHA's emergency temporary standard (ETS) mandating COVID-19 vaccines and testing requirements for employers with 100 or more people. Employers must continue to comply with the requirements outlined in the ETS. To allow businesses more time to comply, OSHA has delayed the enforcement dates. Employers will have until January 10, 2022, to comply with the requirements. Additionally, weekly testing requirements for unvaccinated employees will be delayed until February 9, 2022. See the link below for a guideline on this topic published by WMC.

# Helmer Dance Studio Celebrates 40 Years in Business

Starting from the basement of founder and co-owner Carol Helmer's Beldenville home in 1981, Helmer Dance Studio is proud to celebrate 40 years in business. "We're so proud of where we started, how far we've come and what the future holds for the studio. Our success lies with the foundation we've built," states Helmer.

Family is truly the foundation at Helmer Dance Studio. The studio operates under the co-ownership of Carol Helmer - whose

primary teacher was her mother – and her daughter, Laura Decheine. Laura continues to teach fulltime along side her staff of six instructors (and a team of independent choreographers), which now includes her daughter, Carolyn.

"Our dancers, their families and the relationships and life lessons formed within our studio walls are our greatest accomplishment. We wouldn't be where we are without them, notes Laura.

"It's such a great feeling to see our past students walk through the doors with their children. It means we affected them – they learned something they want their children to learn, and that's pretty awesome."

Enrollment remains open for select classes for the 2021-22 season. For a full class line-up and other information, visit <u>Helmer Dance</u> <u>Studio Hudson Dance School</u>, call 715.377.9862, or email <u>info@</u> <u>helmerdance.com</u>.
