Alumni Testimonials

The Leadership Hudson program was fun, engaging and provided some great experiences along with leadership learning opportunities. The program offered site visits, tours, and provided an opportunity to meet the people involved in the Hudson government, schools, local organizations, and businesses. **It is a great way to connect with others from the community and grow your network!**

I completed the Leadership Hudson program just as I started at Eckberg. Eckberg believes in the value of the local leadership programs and provides the opportunity to all attorneys. When I completed the program, I was newer to Hudson, had only been practicing law for 3 years, and not yet participated in a leadership development course. **I truly believe the Leadership Hudson set me on a path for success in my career.** Not only was I able to meet and establish great relationships with other professionals, but the program was a catalyst that created a passion for leadership development that I credit for the opportunity to become a partner at Eckberg after only 7 years of practicing.”
