Established in 1926 with over 2,000 members, the Southeast Volusia Chamber of Commerce remains an active group of working professionals who promote business and economic development for the communities it serves.

The historic Chamber building, located at 115 Canal Street in New Smyrna Beach, was constructed in 1934 and since then has been through several renovations to reflect the styles of the times. Beginning in 2010, the building underwent complete outside and partial inside restorations with funding from Volusia County ECHO Grant and City of New Smyrna Beach CRA funds to bring the building back to its original 1934 splendor.
