EXHIBITOR PROSPECTUS 2022

SAFE-D Annual Conference

February 17 – 19, 2022

Kalahari Convention Center

What is SAFE-D?

Emergency Services Districts are political subdivisions of the State of Texas, like a school district or a county. As Texas outgrows the abilities of cities and rural volunteer fire departments, ESDs are on the cutting edge of providing fire protection and emergency medical response to large portions of the state. The State Association of Fire and Emergency Districts is the only association dedicated to bringing these local governments together so they can work smarter and work better for Texans.
