

An Independent Agent Representing Aflac

Bethlehem Chamber of Commerce Members

Aflac is very excited to work with the Bethlehem Chamber of Commerce and offer our voluntary supplemental insurance plans to the membership.

Aflac supplemental insurance provides an additional layer of financial protection for your employees and their families in the event of an accident or illness. This additional coverage can be used to help with the out-of-pocket expenses that may not be covered by major medical insurance. And with health care costs on the rise, more businesses than ever are seeking to offer an extra financial safety net to employees for their unexpected medical expenses.

Traditional health insurance pays doctors and hospitals, while supplemental insurance pays benefits directly to employees no matter what other insurance they have in place. If they're sick or hurt, it can be used in any way they see fit – whether that's for leftover medical expenses or other bills that threaten their financial security. It's their money to use their way. For employers, it's a smart strategy for controlling expenses while helping employees remain financially secure.

We offer a full suite of supplemental insurance products for individuals, families and businesses. Our policies help with everything from routine preventative care to critical illnesses. Employers and employees can customize the plans to meet their unique needs and financial circumstances.

The policies available to Bethlehem Chamber members are:

Accident Insurance
Hospital Insurance
Dental Insurance
Life Insurance

Cancer and Critical Illness Insurance
Short-Term Disability Insurance
Vision Insurance
