AMERICAN LEGION
16 W. POPLAR DR, DELMAR, NY**

The Town of Bethlehem intends to apply for a NY Forward grant for the Delaware Avenue corridor—from the Bethlehem/Albany border to the Four Corners—which if successful could provide up to \$4.5M to support a wide range of capital improvements in the corridor, including redevelopment of existing buildings, façade improvements, public space upgrades, and more, as well as branding and marketing investments for the corridor.

Please join us at this public meeting to share your thoughts about current conditions in the Delaware Avenue corridor and ideas you may have about how to strengthen the corridor.
