Peoria Charter Travel | History of Family Business

Peoria Charter was founded in 1941, when Walt Winkler sold his family car and took a loan from his sister's chicken egg farm to purchase his first bus. His goal was to aid in solving the gas crisis for his friends and family needing transportation to their jobs at the Caterpillar factories in Peoria. The company's formula of customer service, quality equipment, and well-trained drivers has allowed this four-generation, family business to grow into one of the largest bus companies in the Midwest. Today, they have 60 pieces of luxury equipment, over 140 employees and locations in Peoria, Normal and Urbana. In 2018, Peoria Charter's buses traveled 3.8 million miles, which is the equivalent to 152 trips around the earth. Each year more than 500,000 passengers board Peoria Charter's buses to travel to places such as Chicago, Washington D.C., New York, Canada, Colorado, Florida and many more destinations across North America.

Peoria Charter connects Peoria, Normal and Champaign to O'Hare Airport and the Chicago Area 14 times every day without Local, State, or Federal funding. With Peoria being the largest city in

Illinois without rail transportation, these connections are vital to our cities ability to grow. The business is a 24 hour operation, with phones answered on site 24/7/365 to assist all travelers. The largest expansion for the daily service to Chicago has come from the Urbana-Champaign area. Since 2013, ridership has risen 450% and is expected to exceed 200,000 ticketed passengers, just from Urbana-Champaign, by the end of 2019.

In the last two years, Peoria Charter has undertaken a major effort of reinvigorating their fleet. The company now has 21 pieces of equipment that are 2016 or newer. "Our dedication to improving our fleet is proof of our commitment to ensure that Central Illinois has the cleanest, safest, and most comfortable ground transportation in the State of Illinois," said Company President and Third Generation Owner, Bill Winkler. Peoria Charter is the contracted ground transportation provider for the University of Illinois, Illinois State University, Bradley University, Eureka College, Illinois Central College and a half dozen other Universities and Colleges in Central Illinois.

Peoria Charter expanded their service beyond ground transportation by launching a Travel Agency known as, Peoria Charter Travel. "We are excited to see how quickly we have gained momentum in the Travel Agency industry. This has allowed us to grow larger each year." In 2018, Peoria Charter purchased To-Go Away Travel in Morton, IL. This marked their third location after Junction City and Normal, IL. Whether planning a honeymoon, work retreat, or a trip around the world, the Travel Agents at Peoria Charter Travel have the tools to manage the airfare, ground transportation, hotels & more!

Along with growth in the Travel Agency, Peoria Charter doubled the Urbana location by purchasing the building next door in 2018. Peoria Charter also released 2 Bradley Braves branded coaches in 2018 that can be seen transporting the BU sports teams from the Hilltop. Bill Winkler says, "We are blessed to have a successful family business and continue to grow. We are grateful to have our headquarters in Peoria, and we are so thankful for the support the Central Illinois community has shown our business."

AMEREN NEWS

Small Business Owners realize Big Savings!

By John Beintema,
Market Segment Manager,
Ameren Illinois

Small business owners across the state have been utilizing the Ameren Illinois Energy Efficiency Program to save energy and money. Through this program, we provide a quick and simple way to reduce energy costs for years to come. Qualifying small business customers can receive a free Lighting Assessment of their facility. Ameren Illinois works with all businesses including places of worship, car washes, automobile dealerships, small retail shops, bar and restaurant owners, laundry mats, municipal buildings, schools, nonprofit organizations...just to name a few!

This free Lighting Assessment usually takes 30-40 minutes. A qualified Program Ally will come to your small

business and perform the assessment of your facility. They create a work scope that details upgrade opportunities of products they will install. Benefits businesses receive are lower energy costs, reduced maintenance, and a more comfortable work environment.

Contact us to schedule your Lighting Assessment and receive a FREE Smart Thermostat. Ready to get started?

Here are 3 simple ways to sign up:

1. Visit AmerenIllinoisSavings.com/SmallBusiness and click on the "Request a Lighting Assessment" button under Ready to Begin.
2. Contact a Small Business representative by email at: IllinoisBusinessEE@ameren.com or by phone at 1.866.800.0747.
3. Find a trusted Program Ally near you when you visit AmerenIllinoisSavings.com/SmallBusiness and search through our approved Program Ally list and map.

**THE
BIG
TABLE**

GREATER PEORIA

WHAT:

The Big Table is a day of regional community building through conversations designed to strengthen and connect communities. Through open, thoughtful conversations that focus on how we can strengthen our region, we will spark new relationships and new ways for working together by deepening our understanding of each other and what our region needs.
