AMERICA RECYCLES DAY EVENT TO BE HOSTED ON NOVEMBER 15 IN PENSACOLA

Keep Pensacola Beautiful to help residents by collecting hard-to-recycle items.

NOV 6, 2019– PENSACOLA, FLA. – Keep Pensacola Beautiful (KPB), a local environmental nonprofit, will be recognizing America Recycles Day on Friday, November 15 by collecting hard-to-recycle items from residents and businesses in Escambia County for a free recycling day.

"Our focus for this event is to keep items that can be recycled out of our landfills," says Kalley Krech, Marketing and Developing Coordinator for KPB. "Community members can bring ink and toner cartridges, batteries, markers, pens and electronics such as monitors, laptops, phones, PCs and tablets to be recycled by KPB and our partner for the event, YourTEK."

The event will be held at YourTEK Professionals located at 6425 Pensacola Boulevard from 10am to 2pm, rain or shine.

While November 15 is the date for America Recycles Day, KPB assists community members in recycling many of these items year-round. KPB also hosts a cooking oil recycling drop-off that can be accessed 24/7 outside of their office located at 9 West Blount Street.

For more information, contact the Keep Pensacola Beautiful office at 850-438-1178 or visit the website at KeepPensacolaBeautiful.org.
