Behind the Bar

March is going to be a very exciting month here at The District! We are in the process of adding some new specialty items to the cocktail menu. But don't worry, we will be keeping the crowd favorites of course, like the "Prime Minister Old Fashion."

With springtime approaching, we are concocting crisp and refreshing, yet savory new cocktails that would pair well with any of our featured dishes. Basil will play an intricate role this time of year, so be sure to try one of these delicious cocktails for yourself!

Our new menu will launch towards the middle of March, but do feel free to come in and ask our bartenders about what's brewing in the meantime.

We look forward to serving you!

- Damien Noret, Beverage Director

New desserts coming your way...Springtime is here!

I am excited to announce that four - yes, four new desserts are about to hit the menu, and man are they delicious!

With Apricots, Cherries, and Rhubarb coming into season (some of my personal favorites), the possibilities are endless!

Also, remember that favorite dessert as a child? The Brownie Sundae? I am putting The District spin on it and going "Blondie," adding hot fudge sauce and brulee bananas!

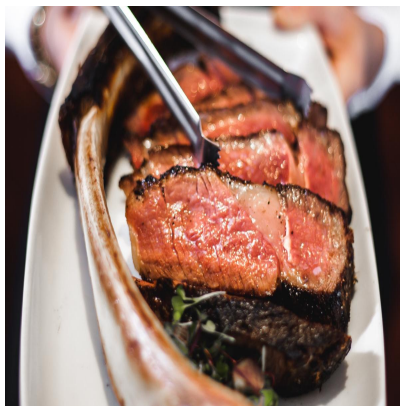

Fresh Florida strawberries are still going strong and we have a Florida Strawberry and Rhubarb Crème Brulee coming soon as well!

As the month goes on, keep a lookout on social media for new desserts and dinner specials!

- Pastry Chef Eden Galloway
