

**Baptist Health Care Hospital  
Pensacola, Florida  
Project Invitation & Message to Specialty Trade Contractors & Vendors**

Thank you to those who have already responded. As a follow-up to the previously issued invite, please note **WE ARE NOT REQUESTING PRICING AT THIS TIME. We are requesting you read the following project info and respond accordingly.**

In effort to announce this upcoming project, we are currently requesting your response to determine your interest in the project. Please respond by accepting or declining this project invitation to allow us to establish our communication plan as the project moves forward. If you accept, we will continue to update you on major schedule milestones. If you decline, we will remove you from any future communications regarding the project. We will continue to communicate updates through Building Connected as the project moves forward. We hope this allows you to plan your resources accordingly. If you have any questions related to the project, please feel free to submit a message through Building Connected.

Please update your Building Connected profile if your company is classified as a local Pensacola contractor, DBE, HUB, MBE, SBE and/or WBE. Also if you have not recently updated your company info in our database, please update your company info by visiting <https://www.brasfieldgorrie.com/trade-partners/>. If you were invited to a bid package that is not in-line with your expertise, please let us know the specific scopes of work you are interested in, so we may accurately communicate with you moving forward.

Baptist Health Care Corporation's Brent Lane Hospital will be a new state-of-the-art hospital and medical office building located on Brent Lane at I-110 in Pensacola, Florida. The current scope of work includes a new 518,000 square foot, seven (7) story main hospital, new 25,000 square foot central energy plant, 140,000 square foot, four (4) story medical office building and a Behavioral Health Hospital. The proposed plan provides for the buildout of 260 licensed beds on a 57-acre site.
