LUCY’S NEW YORK STRIP STEAKS WITH GREEN HERB SALT

INGREDIENTS:
- New York Strip Steaks
- Grease-free strips of garlic
- Roasted garlic
- 1 tsp dry mustard
- 2 tsp chopped parsley
- 1 tsp minced fresh thyme leaves
- 1/4 tsp paprika
- 1/4 tsp salt
- 1/2 tsp black pepper
- Green Herb Salt

GREEN HERB SALT:
- 1 tsp kosher salt
- 1 bunch fresh parsley
- 2 cloves fresh garlic
- 1 tablespoon fresh thyme leaves
- 1 tablespoon ground black pepper

PREPARATION:
Place the steaks and garlic on the rack of a food processor. Pulse until completely chopped. Do not pulse it too long and leave it. Add salt, mustard, parsley, garlic, thyme, and pepper. Pulse until completely combined. Pour out onto a sheet pan or large plate. Allow to dry for 2 hours. Transfer salt to an air tight container.

MY STRIP STEAKS:
For both sides of steaks dry with a paper towel. Sprinkle both sides with some of the green herb salt so you would typically do with regular salt. You can make it in a big piece of meat should be seasoned. Allow to rest at room temperature for 20 minutes. Cook steaks using your desired method - grill, cast iron skillet, sous vide, grill pan. Cook until steak reaches your desired internal temperature. Use a hot tool to create a nicely browned crust. When the steak is ready to flip it will be easy to remove. If the steak does not release when you try to flip using tongs, it’s not ready to flip. Rise 120-180 degrees, medium rare 130-140 degrees, medium 140-150 degrees, well 160-165 degrees. Once steak is removed from heat, allow to rest for 10 minutes before slicing.
