

DeVilliers Street Revitalization Project Expected to Begin Aug. 17

Construction for the City of Pensacola Community Redevelopment Agency DeVilliers Street Revitalization Project Phase I from Main Street to Garden Street is expected to begin Monday, Aug. 17. This project is intended to make streetscape improvements that include sidewalks, lighting, landscaping and traffic calming.

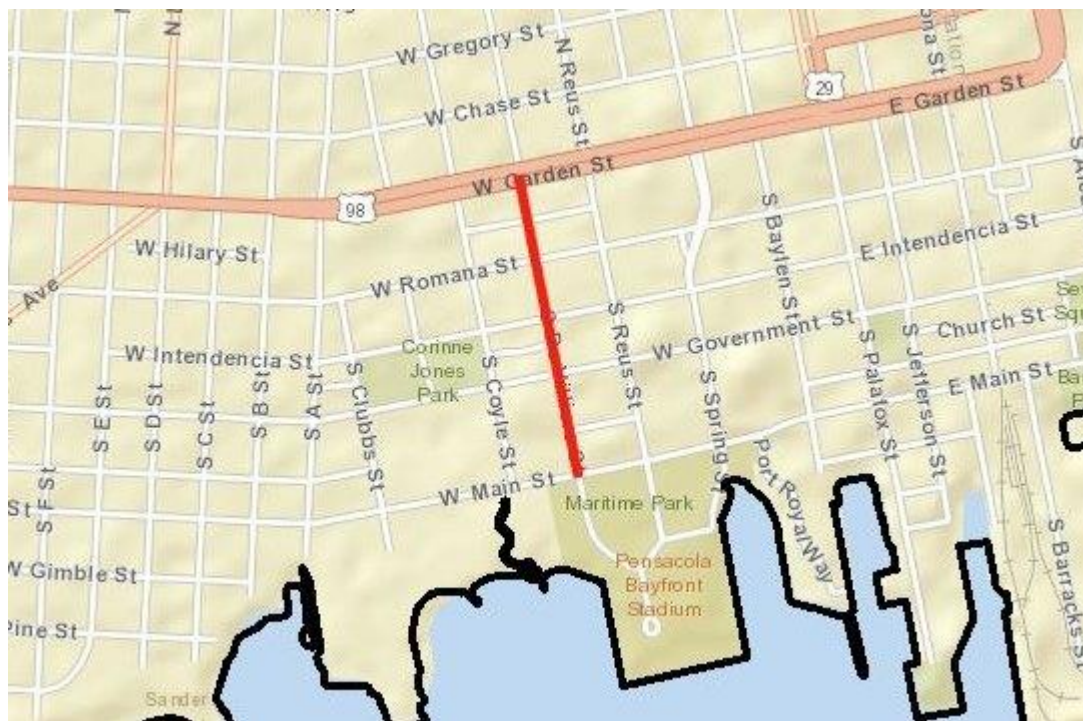

Detours are not expected; however, expect temporary lane closures periodically.

Construction is expected to be completed by early 2021, weather permitting, and a city construction inspector will be monitoring the project progress daily. Proper signage have been selected and will be clearly designated for safe flow of vehicular and pedestrian traffic. Accommodations for local access to residential properties during this period will be required by the contractor and closely monitored by the city.

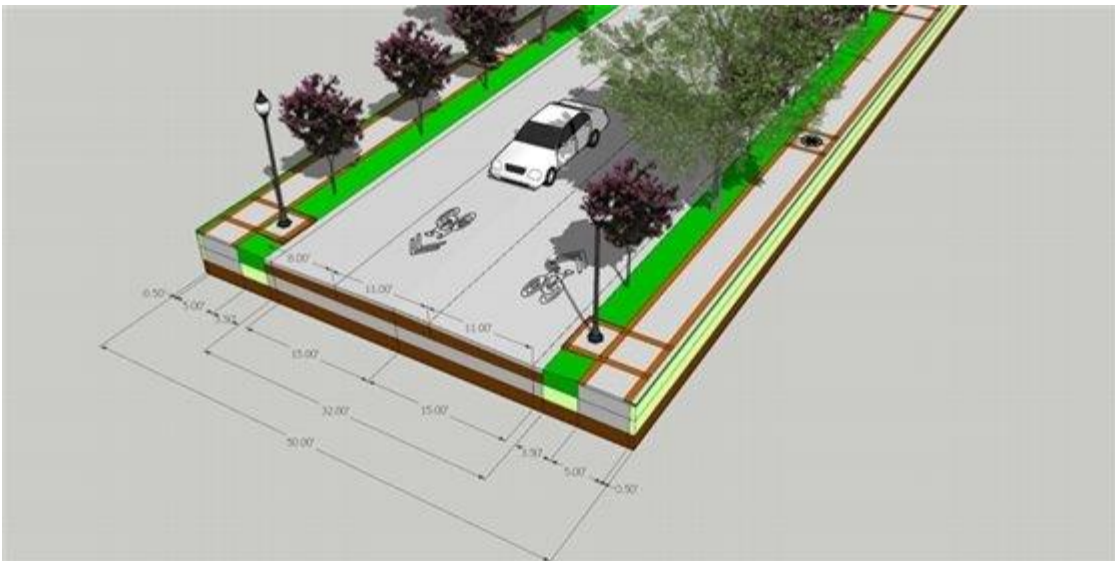

The Community Redevelopment Agency awarded a contract to Roads Inc. of Pensacola to complete the DeVilliers Street Revitalization Project.

For questions about this project, please contact City of Pensacola Capital Improvement Projects Manager David Forte at 850-435-1696.
