Escambia County School District Announces Plans for 2020-2021 Fall Sport Programs

Escambia County School Superintendent Malcolm Thomas has announced district plans for **2020-2021 fall sports programs**.

Tryouts for student athletes will be conducted the week of August 31, 2020 through September 4, 2020.

Formal practices for all fall sports will begin on Monday, September 7, 2020, which is also the Labor Day Holiday. The first official games will be scheduled beginning Friday, September 18, 2020. School Athletic Directors will work together to create the schedule of games.

Spectators will be allowed, but attendance will be limited for football games to allow adequate social distancing. Face coverings will be worn in district facilities as directed by staff and instructional leaders. If a situation arises whereas a student, member of staff, or a visitor is not wearing, or is incapable of wearing a face covering, such individual may be assisted or guided by appropriate authorities within the district to undertake alternative, reasonable, and accommodating actions to protect self and others.
