**ECSD Food Service to Offer School Meals
For Students Participating in Distance Learning**

Escambia County (FLA) School District's Food Service Department will provide meals through curbside service for ECSD students who selected distance learning starting Monday, Aug. 24. Families may pick up one breakfast and lunch per student each day school is in session at any location of their choice, regardless of the student's assigned school.

Distribution sites and times are listed below.

When parents arrive to pick up meals they will be asked for their students' names and school ID numbers. Families with students that pay full or reduced price for meals, should put money on their student's account online at myschoolbucks.com to cover the cost of the breakfast and lunch.

"Based on the feedback we received from families, we created a list of the most frequently selected locations and times," explained ECSD School Food Services Director, Jaleena Davis. "We are now asking parents to check this list and find the site most convenient for them. All pick-up times are before school to avoid an interruption in the middle of the distance learning school day."
