AFTER THE EXHIBITION

Pieces Adrift Art Show & Auction presents After the Exhibition, an extension program

OCTOBER - DECEMBER, 2020- PENSACOLA, FLA. – Pieces Adrift Art Show & Auction is an exhibition that showcases art made from litter, trash or secondhand objects. It aims to increase public knowledge of the impacts of litter and pollution. After the Exhibition (ATE) is an extension of Pieces Adrift. This extension program showcases select pieces from KPBP's art show at various establishments around Pensacola. ATE is designed to reach a larger portion of our community and spread the message of Pieces Adrift to a wider audience.

"After the Exhibition is a collaborative way to drive the message of Pieces Adrift into the community. By partnering with local businesses, we're not only reaching new people but compelling our supporters to visit their establishments. Also, ATE puts the spotlight on outstanding artists and grows their recognition. Together, we hope to creatively inspire the citizens of Pensacola to think twice about littering." says Madelyn Newton, Marketing and Communications VISTA.

St. Paul Catholic School students created a massive, four-sided, and Pensacola-inspired mural out of bottle caps which can be visited at Pensacola City Hall.

Establishments participating in ATE include the Pensacola Museum of Art, City Hall, and Bare Hand Collective. To visit pieces on display, please visit each establishment's website to find out hours of operation. They are all open to the public.

For more information, please visit KeepPensacolaBeautiful.org/Pieces-Adrift.
