PAINT YOUR HEART OUT

A community beautification event happening at the Carver Community Center

OCTOBER 17th, 2020- PENSACOLA, FLA. – Paint Your Heart Out is part of Keep America Beautiful's Great American Cleanup. This year, we're helping restore the Carver Community Center in Century, Florida.

"We have been preparing to restore Carver Community Center all year! Finally, after a few minor setbacks, we are ready to tackle this project head on! Community improvement is at the core of KPB's mission, so we're ecstatic to rally our community around a common goal and see what good work we can do together," says Madelyn Newton, Marketing and Communications VISTA.

Carver Community Center in Century, Florida does A LOT with a little. This building is the most utilized community center in all of Escambia County. It hosts a variety of programs for all ages, from after school to summer camps and classes to whatever need it can fill within the community. The students love this center and it helps them stay involved and active in their education. Dr. Marilyn Robinson, the Center's Director, was recognized by President Barrack Obama in 2016 and received the Presidential Volunteer Service Award for her outstanding work.

Contractors, volunteer groups and individuals across Escambia County have come together to help us achieve our goal of restoring Carver Community Center for the residents of Century, FL!

For more information, please visit Keep Pensacola Beautiful's Facebook event page, website or Instagram.
