Express Oil and Tire Engineers Donates \$10,500 to the Salvation Army of Pensacola
Three franchise locations generated funds from oil change services to help their community.

Pensacola, Florida — On Saturday, December 19th, 2020, each of the three Express Oil Change and Tire Engineers locations in the Pensacola and Pace areas hosted a day-long event to raise funds for the local Salvation Army. This event focused on bringing the community in for one of the company’s signature 10-minute oil changes and generated a total contribution of \$10,500 donated to the Salvation Army of Pensacola – more than double what was estimated.

A check presentation was held on December 21, 2020 with the managers of each of the Pensacola and Pace Express Oil and Tire Engineer locations and Captain Frazier, head of the Pensacola chapter of The Salvation Army. Captain Frazier made the following statement in regards to receiving this donation, “We want to recognize and thank the Express Oil Family for their continued support and partnership with The Salvation Army of Pensacola. During this past Christmas and Holiday season, The Salvation Army saw a tremendous influx of need from the people in our community; both in Escambia and Santa Rosa counties. It is because of their commitment to help us “Fight for Good” that we were able to assist close to 1,700 families with Christmas/Holiday Assistance during this past season. Thank you for joining us in spreading hope and relief to our neighbors.”

The Pensacola area saw a greater need for assistance during 2020 due to the pandemic and destruction from Hurricane Sally. The Salvation Army provides a wide range of traditional social services and emergency assistance programs. In addition to this donation, Express Oil Change and Tires Engineers of Pensacola and Pace regularly participate in charitable events throughout the year to help the community.
