PENSACOLA, Fla. () – Last year, the board approved an investment in the virtual career fair platform made available to the entire CareerSource Florida network to support greater access to hiring events in this COVID-19 era and beyond. The upcoming job fairs will take place online through the premier virtual platform, one occurring every month. To date, we have held 15 virtual events; 569 candidates have registered and 3,354 visits to virtual employer booths were recorded.

These no-cost events are open to the public. Job-seekers will have the opportunity to network with over 50 employers seeking individuals to fill their open positions. Employers will be recruiting for positions in healthcare, communications, education, transportation, manufacturing, law enforcement, correctional, IT/cybersecurity, manufacturing, banking, aerospace industries and more. More information to come on industry specific job fairs as it gets closer.
