HOPE starts HERE!!

Greetings,

I am reaching out on behalf of the Pensacola Men's Center and Women's Center of Teen Challenge Southeast. Teen Challenge is the oldest, largest, and most successful program of its kind in the world. Established in 1958 By David Wilkerson, Teen Challenge has grown to nearly 201 centers in the United States and serves more than 1,400 Teen Challenge programs in over 125 countries around the world. Here in the Southeast, we offer life transformation to adult men and women who seek to gain freedom from the bondage of life-controlling problems.

Pensacola Men's Center and Women's Center are one-year, faith-based recovery programs with a comprehensive and intensive approach. We are dedicated to the recovery of our clients and enjoy one of the highest success rates in our field. While under the care of Teen Challenge, men and women will participate in specifically tailored educational classes designed to address character issues, which we believe lead to substance abuse and other problems. Students will also participate in work therapy and life skills classes.

Our vision is to put hope within reach of EVERY addict. We want everyone to know that Teen Challenge is here and available to those who struggle with addiction. Please don't hesitate to reach out on behalf of anyone in need of our services.

When a client is court-mandated to Pensacola Men's or Pensacola Women's Center, we stay in close contact with the legal authorities involved in the case. Upon voluntary or involuntary, early departure from the program, we notify said legal authorities promptly. Teen Challenge believes that our clients can be redeemed as individuals, who can then make a positive impact on their families and communities.

If there are any questions or concerns please feel free to call us at (850) 453-4300, Email at anthony.noel@teenchallenge.cc for men or kayla.fields@teenchallenge.cc for women.

Sincerely,

Anthony Noel, Kayla Fields
