Pensacola Humane Society Receives a Rachael Ray Save Them All Grant from Best Friends Animal Society to Help Save Community Cats

Pensacola, FL— Pensacola Humane Society is pleased to have received a Rachael Ray Save Them All grant from national animal welfare organization [Best Friends Animal Society](#) for its Fielding Dreams partnership program to help Pensacola humanely manage the area's community cats.

The Fielding Dreams program will sterilize and vaccinate free-roaming, unowned cats, and then return them to their outdoor homes to live out their natural lives without reproducing.

"This grant project targets free-roaming community cats at serious risk if they enter shelters," said Manda Moore, Director of Development. "It utilizes a proven solution, called trap/neuter/return or TNR, to save the cats' lives.

"This grant will help us achieve of our goal to perform 815 of spay/neuter surgeries over the year. We would like to thank Best Friends Animal Society for their support in making this project a great success."

The Rachael Ray Save Them All Grants is a grant program, administered by Best Friends and funded by The Rachael Ray Foundation™, that provides grants to shelters for euthanasia reduction initiatives. The Rachael Ray Foundation helps animals in need and is funded by a portion of proceeds from each sale of Rachael's pet food, Nutrish®.

About PHS Incorporated in 1943, The Pensacola Humane Society is committed to improving the lives of companion animals in our community through advocacy, adoption, education, and sanctuary.

About Best Friends Animal Society

Best Friends Animal Society is a leading national animal welfare organization dedicated to ending the killing of dogs and cats in America's shelters. In addition to running lifesaving programs in partnership with more than 3,100 animal welfare groups across the country, Best Friends has lifesaving centers in New York City, Los Angeles, Atlanta and Salt Lake City, and operates the nation's largest no-kill sanctuary for companion animals. Founded in 1984, Best Friends is a pioneer in the no-kill movement and has helped reduce the number of animals killed in shelters nationwide from an estimated 17 million per year to around 625,000. That means there are still more than 1,700 dogs and cats killed every day in shelters, just because they don't have safe places to call home. Determined to bring the country to no-kill by the year 2025, Best Friends and its nationwide network of members and partners are working to Save Them All®.
