IT Gulf Coast
Lunch and Learn Educational Seminar
Jetty IoT Workspace 3500 Barrancas Ave, Pensacola Fl 32503
In Person or Virtual Zoom

Wednesday December 15, 2021
From 12:00 noon to 1 PM

Please join us for our next educational seminar hosted by Jetty IoT. Jetty IoT is an entrepreneurial workspace and resource center facilitating those who are passionate about stimulating a better tomorrow. Please visit **Jettyiot.com** for more information at:

Pat McCullough will present on the use of the Specification Pattern in Domain Driven Design, which is a technique in object oriented software engineering. Pat will discuss implementation, usage, and benefits of the Specification Pattern.

Lunch will be provided for those who pre-register and attend in person. The virtual zoom link will be provided to those who pre-register and choose to attend virtually. Please go to our website at **ITGULFCOAST.org** to pre-register for this free event.
