

Introducing Patching with Susie and Sharon!

Hello Pensacola!

Since visiting your beautiful and welcoming city a few weeks ago, we were inspired to expand our business, and so we have become new members of the Pensacola Chamber of Commerce!

And we are so happy to be here!! Thank you all for being so welcoming!

Who are we: We are two ladies that love life, meeting new people and sharing ways to feel amazing and live pain free. This can all be done naturally and so we are creating awareness that there are other options out there that are new, natural, and affordable.

"If you could change one thing about your health, what would that be? Have you been told "that happens when you age?" What if you got rid of your pain, were able to sleep all night, and gained energy that you have never felt before?"

This is possible and that is why we are shouting from the rooftops "Stem Cell Activation Therapy is the new option in town and it is changing lives."

Can't wait for our next visit! (Psst.....it's May 22-June 21)

And we are really looking forward to meeting you all.

Best regards, Susie and Sharon, Your Wellness Liaisons
