

For Immediate Release

(Pensacola) - The Monument to Women Veterans will be hosting its Annual SHERO Warrior Conference on Friday, **March 10** at the Andrews Institute in Gulf Breeze. This event celebrates the SHERO, the woman hero that makes a difference in our community. And, since March is Women's History Month (we like to call it Women Veterans Month), and March 8 is International Women's Day, the timing is perfect!

This year, we have invited three AMAZING women as our guest speakers. **Dr. Joanna Johannes**, CEO/Superintendent and Founder of Lighthouse Private Christian Academy; **Deborah Atchison**, Vice President of Magdalene's, Inc.; and **Col. Tracey Sapp**, Commander, 1st Special Operations Medical Group, Hurlburt Field, Florida. Each of them will tell their stories of how they started in their careers, the challenges they faced and overcame, and how they made an impact and became who they are today.

The event is FREE and lunch will be included. The SHERO Warrior Conference is open to anyone! Please register at <https://bit.ly/SHEROWarrior>
