

Thank You!

The
BEAR FAMILY
FOUNDATION

Lakeview Center is so thankful to the Bear Family Foundation for their support of our clients, our team and our community! We could not offer programs such as Road to Recovery without the support of partners such as the Bear Family Foundation.

[Road to Recovery](#), Lakeview Center's 46-bed residential substance misuse treatment program on the downtown Pensacola campus, was awarded a \$5,000 grant from the [Bear Family Foundation](#) to purchase new furniture. This will make group counseling sessions and educational classes more comfortable while providing a more welcoming environment for time outside clinical and therapeutic treatment. [The Bear Family Foundation's](#) mission is to continue a family tradition of philanthropic giving through financial donations and volunteerism to our communities from generation to generation. The specialized team at Road to Recovery provides a comprehensive and intensive level of treatment, actively engaging with residents to address addiction and co-occurring mental health issues. Treatment is structured to serve those who need a safe and stable living environment where they can develop sufficient recovery skills for living in the general community.

What is residential treatment?

[Residential treatment](#) is designed for those who need the next level of care beyond [outpatient counseling](#) or [community-based services](#). Our experienced caregivers provide individualized treatment plans with the shared goal of helping you progress to a less restrictive community setting and greater levels of responsibility and independence.

About us

[Lakeview Center](#) provides comprehensive behavioral health care to adults and children with mental illnesses, drug and alcohol dependencies and intellectual disabilities. Across Northwest Florida, our services range from residential treatment to outpatient counseling, psychiatry, trauma care, treatments for substance misuse and 24/7 support for those with serious mental illnesses.

Lakeview Center is an affiliate of [LifeView Group](#), a nonprofit family of companies also providing child welfare support through [FamiliesFirst Network](#) and employment services for people with disabilities through [Global Connections to Employment](#).
