

Q: Why are you running?

A: My career helping people through the legal immigration process led me to decide to run. Assisting people to achieve the American dream has been rewarding and I want to make that difference on a larger scale. As a young professional, business owner and native from downtown Chandler, I want to bring greater representation to our council that reflects the needs and voices of our communities.

Q: Top 3 issues you would like to focus on?

A: Build-out, Neighborhood investment, and public safety will be my top priorities. From day one, I will work to be sure that the city is allocating appropriate resources to city planning, neighborhood and community services, and our police and fire departments

Q: How will your campaign embody the values of the Chandler Chamber?

A: Our campaign slogan is Chandler grown and growing Chandler. As your councilmember, I plan to strengthen the partnership between council and chamber to grow together. As a Latino and member of the LGBT community, our campaign representation brings the diversity that the chamber has been championing throughout our community. By supporting our business community and their interests when the chamber brings business issues to our attention. I want to enhance the relationship to allow this chamber to do what it does best without duplication of programing, business outreach and community events. The chamber is the largest business lobbying organization in our city, it is incumbent upon the city to take their policy advice seriously.

Q: How will the Chamber's endorsement help you in the race?

A: As the Chamber represents 1,500 businesses and 170,000 employees, the Chamber endorsement would be a humbling and impactful statement of support. It will certainly influence how residents and businesses and will view my potential as a councilmember. I will be honored to receive the endorsement from such a prestigious organization.

Endorsements:

Councilman OD Harris, State Forty Eight Co.
