Jimmy Hayley

"Have a great Chamber day!"

"I think it is important for the business owner to know that (the chamber) is a partner in his or her success. When I was in the savings and loan (industry) I worked closely with business owners to help them with the start-ups or expansion. I've tried to do the same through the chamber."

I was hired as the chamber president in 1987 after spending 25 years as an executive with Guaranty Federal Savings and Loan. It's a job that I almost didn't take. I did say yes to the job, and it's the best thing I did in my life. It's the most rewarding experience I've ever had.
