WHY INVEST IN YOUR LOCAL CHAMBER OF COMMERCE?

The goal of any Chamber is to assist local businesses in furthering their interests to build a healthier economy. Our primary function is to convene, communicate, and connect. The Manistee Area Chamber of Commerce has four main priorities: **Legislative Advocacy**, **Economic Development**, **Leadership/Professional Development**, and the **Downtown Development Authority**.

Investment in the Chamber of Commerce supports our efforts in all areas which benefit every business and the overall community.

ADVOCACY BENEFITS EVERY MANISTEE COUNTY BUSINESS!

Advocacy is one of the most important reasons to invest in your local Chamber. The Manistee Area Chamber of Commerce is part of the Northern Michigan Chamber Alliance which includes 16 other Chambers of Commerce and Economic Development Organizations. Collectively we work with one voice to advocate on policies and issues that impact our businesses in our rural northern Michigan community.

ECONOMIC DEVELOPMENT PROMOTES GROWTH AND REVITALIZATION OF OUR AREA

The Chamber is uniquely positioned as a leader in the state for its public-private partnership approach to economic development in Manistee County. Economic Development is critical for a community to thrive, it allows citizens to have employment opportunities, and local government to be able to generate revenue and provide services. The Chamber's economic development efforts promote investment in the community as well as retain and grow jobs.

LEADERSHIP IS KEY TO ADDRESS CHALLENGES

The Chamber knows that leadership within the community is important to address the challenges and opportunities facing us. Effective leadership is about facilitating and enabling people to act. Constructive social action, community renewal, and community development rely on leaders from all spheres and levels of the community.

DOWNTOWN DEVELOPMENT AUTHORITY

Acting as the Manistee DDA, the Chamber recognizes the downtown is the commercial core of a community that serves as its social and economic center. It is an important catalyst that will help the success of all our county businesses and communities.

SUPPORT, NETWORKING, CONNECTING & VISIBILITY ARE ALL IMPORTANT PIECES TO ENSURE SUCCESSFUL BUSINESS

Other important purposes of a Chamber are to provide business support, host networking events, and offer your business sponsorship opportunities to be visible in the community. We are here to help you form relationships in many ways!

It gives citizens employment opportunities, and local government the ability to generate revenue and provide services. Our mission is to promote investment in the community as well as retain and grow jobs.

The Manistee Area Chamber of Commerce, with our public-private partnership, is positioned to lead and implement strategies as Manistee County's Economic Development Organization.

Our approach is expressed by the following statements:

- To "make business easier" in Manistee County.
- Serve as the first point of contact and concierge for developers and entrepreneurs.
- Attract businesses and investment to our area.
- Assist and work with business and governmental leaders to create conditions for success.

We hope you will support and be our partner in these efforts!
