WE ARE GROWING!

With Agrivision's rapid growth in service department the past few months, they have outgrown their shop in Ireton and decided to rent the hangar at the former Sioux Center Airport. At this facility their main focus is to complete off season inspections and repairs for Self-Propelled Forage Harvester's. Sioux County is the core of AgriVision Equipment's SPFH business and they are rapidly out growing their current facilities. They thank the City of Sioux Center for working with them to help facilitate their growth in this market.

SIoux CENTER LIBRARY

A journalism student from Dordt College recently wrote an excellent article about our local library. Here's an excerpt: "Off Sioux Center's main avenue sits a building with a light brown brick exterior. It has a handful of entrances marked on either side by matching brick pillars and slim glass windows. The parking lot is full. The building is Sioux Center's public library. In a society that is facing a general decline in library usage, this public library is growing stronger."

WELCOME, DYLAN

Vander Berg Furniture & Flooring would like to officially welcome Dylan Hoekstra to our team! Dylan joins us as our full-time Flooring Manager. He has quickly learned the many components of selling flooring – from measures and estimates, product selection, to service and installation – and his passion for people and attention to detail will be invaluable in his new role.

Dylan grew up in Sioux Center and attended Unity Christian High School. He received a double major in Exercise Science and Sports Management from Dordt College. After graduation, Dylan worked as the Marketing Director at Inspiration Hills for 2.5 years, as well as part-time at Pizza Hut, prior to his time with us.

Dylan has been married to Lacey for six wonderful months, and enjoys spending time with family and friends, riding horses, playing basketball, running and biking. Dylan is excited to be able to help people make their dreams a reality – whether that's a small job tiling a shower, or selecting flooring for a new home – he hopes to make the process simple, easy and fun.

WELCOME, JOSH

Josh Mork, of Sioux Center, is joining Sioux Center Community School District and the City of Sioux Center as HR specialist starting April 1.

Josh comes to this role after nearly 18 years of military service. He joined the Army National Guard in 2001, then the Air National Guard in 2008 working as an aircraft structural repairman, taking a HR superintendent job with them in 2016. He has been deployed four times.

Josh is looking forward to this new role. "I like talking with people and helping people, researching solutions, knowing what they want and helping them get there," he said.

Josh and his wife Amber have been married nearly 10 years and have a 6-year-old son, Braxxton, and a 2-year-old daughter, Emmerly. He is looking forward to being more involved in the community, coaching and volunteering in Sioux Center.

WELCOME, VALERIE

I'm excited to introduce Valerie Van Beek as an Administrative Assistant at Integrated Financial Planning! Opening an independent financial advisory business has been a truly rewarding experience, and I've been looking for the right person to join me in this journey. I'm convinced that Valerie is that person. She brings years of experience in banking as loan support, being a church secretary, and is a GEMs Club Coordinator. Not only is she a great fit from previous work experience, she has something that is very hard to teach: she cares about people. I believe this is best portrayed by her family's commitment to the Safe Families program and being a Foster Family. Welcome, Valerie!

PRODIGAL LOVE OF GOD CONFERENCE

On April 4-6, 2019, Dordt and the Andreas Center for Reformed Scholarship and Service, in

partnership with the Lilly Fellows Program, will host a conference titled "The Prodigal Love of God: Reencountering Dort at 400 and Beyond." Confirmed speakers include Marilynne Robinson, Richard Mouw, James K.A. Smith, Timothy George, Paul Lim, Suzanne McDonald, Jemar Tisby, and Tish Harrison Warren.

This year and next marks the 400th anniversary of the Synod of Dort, the namesake of Dordt. Many churches and communities have celebrated the quincentenary of the Reformation, but the Synod of Dort does not loom so large in the popular imagination. For some, even members of the Protestant tradition, Dort seems to leave us with a complicated historical legacy of arid doctrinalism.

However, the story of the Synod of Dort—its legacy and its place in the

Christian tradition—is much broader and more generous than this. Dort should be remembered for its rigorous doctrinal disputes, but within those debates there are also profound theological truths that continue to inspire many ecumenical conversations across Christian traditions. In the Canons of Dort, we encounter the prodigal love of God, who offers the blessing of the gospel "to all persons promiscuously and without distinction." This theological message is something that has shaped and reformed Protestant communities for four hundred years. Through invited plenaries and panel discussions, our conference will feature conversations about the historical legacy and the future of Protestantism as well as the opportunities facing

the global church in the decades ahead.

Questions? Please contact the Andreas Center at plg2019@dordt.edu.

NORTHWEST IOWA COMMUNITY COLLEGE NAMED BEST ONLINE COMMUNITY COLLEGE IN THE NATION

Northwest Iowa Community College has been named as the best Online Community College in the nation by SR Education Group. In their study, NCC ranked No.1 out of 423 qualifying schools offering online education across the nation. Northwest Iowa Community College topped the national list with a score of 96.85%.

SR Education Group, a leading education research publisher founded in 2004, released the first ever online community college rankings categorized by state and best nationwide. Each community college highlighted on the rankings lists received a score based on several important factors including retention rate, graduation rate, and percentage of online enrollment data from the Integrated Postsecondary Education Data System (IPEDS). The number of online associate degrees offered was collected from school websites and considered in the ranking score as well. All ranked schools scored 70% or higher.

“Community colleges offer some of the most affordable degrees in the country. With a growing number of these degrees becoming available online, we wanted to let prospective

students know about these great, accessible options near them. By providing these resources, we hope to help more people reach their educational and professional goals,” said Sung Rhee, CEO of SR Education Group.

NCC is dedicated to student success in all programs, including those that are online. The college has been delivering online programs since the fall of 2000. Through the decades, the faculty have gained the knowledge and experience needed to teach in the online classroom, and they have had the support of college staff to develop excellent content. Advisors regularly check on students and encourage them to be diligent in completing their online work. Students also benefit from free online tutoring, ADA assistive technologies, integrated library services, and the online bookstore.

The college, including the online team, never rests on past achievements, Enhancing accessibility through mobile applications, expanding programs, and improving services is a daily focus for the college. Last year the college added a new online program in Web and Graphic Design, and in the fall of 2019 students may enroll in another new program: Information Solutions Specialist. NCC is dedicated to making students successful. At NCC – Your Success is Our Story.
