## SMALL BUSINESS RECOVERY GRANT RECAP

THANK YOU! Through the generous donations of local businesses, we were recently able to award 25 small businesses over \$43,000 from the Small Business Recovery Fund.

We are incredibly thankful to work for a business community who continues to show their willingness to help and support each other. Even in very uncertain times, many of our businesses were asking how they could support other businesses in our community that were more significantly impacted. Our businesses recognize that business success is not an "individual" thing. They understand that when our business climate is strong, it benefits our entire community.
