Homecoming Grant Recipient, Marcus Winterfeld!

We are pleased to announce that Marcus Winterfeld has been named as this year's recipient of the Homecoming Grant. Marcus will receive \$6000, payable over four years, to assist with school loans.

Marcus is a graduate of Sioux Center High School and Dordt University and works as a classroom teacher at Kinsey Elementary and is also a volunteer high school football coach. "I am very passionate about working with children with both special needs and children that come from troubled backgrounds. The Homecoming Grant will allow me to continue working with both groups of children. I hope that I can make an impact on these children that they will remember," stated Marcus.

"Marcus was selected from a very strong pool of candidates.

He is high energy and really impressed us with the impact he is having as a teacher and while supporting local sports teams. We were very excited to hear about his plans to support youth as a special education teacher and a coach in the years to come," stated Denny Van Zanten, Pella Corp and member of the Homecoming Grant selection committee. "We see the importance of retaining our local talent firsthand. We want to retain those familiar faces as future hires to benefit our community," stated Elizabeth Hammel, member the Homecoming Grant selection committee.

"We were excited with the number and quality of applications we again received this year," shared Barb Den Herder, CEO of the Sioux Center Chamber. All applicants needed to meet the following criteria: graduated from a two- or four-year college in 2019, 2020, or 2021; lived in the 51250 ZIP code when they graduated from high school; had accepted an offer for a position in Sioux Center; and had student debt more than \$6000. Applicants were evaluated on their level of involvement in the community, their history of volunteer experience, and their interest in investing in our community. "It was a very difficult decision, and all candidates are wonderful investments to our community. We are fortunate to have this level of talent working in Sioux Center," includes Den Herder.

STI Partners With Distributors in Southeastern United States

Service Trucks International (STI) and West Georgia Mobile Hydraulics, Inc. (WGMH) recently announced a partnership to provide commercial service and crane mechanic vehicles to end-users. The companies will collaborate to deliver top-of-the-line work truck solutions to the Georgia, east Alabama, east Tennessee, and north Florida markets. WGMH will serve as Georgia's only full-line STI and Tiger Crane product distributor and fill a much-needed demand for specialty vehicle sales and service in southeastern United States.

WGMH was founded in 1989 by Michael L. Casey, Sr. as a service company specializing in cranes and lube equipment. The company's reputation for superior service spread quickly and WGMH began to grow, but they continue to offer the same level of excellent service. "We sell a wide variety of truck equipment, from air compressors and welders to cranes and winches. We service everything we sell and look forward to carrying our tradition of superb products and top-notch service into the future," said Casey.

Based in Sioux Center, Iowa, STI manufactures service and crane truck bodies, as well as a complete line of telescoping service cranes under the Tiger Crane brand name.

Specializing in high quality mobile service products and telescopic cranes, STI strives to meet the needs of operators and retailers of heavy equipment used in mining, equipment rental, heavy equipment dealers, road construction, site prep and land clearing, agricultural equipment, the oil and gas industry, and local, state, and federal government.
