## Leadership Sioux Center Graduation

It was a great year of learning, touring,  
connecting and best of all, creating relationships.

Congratulations to the  
2021 Leadership Sioux Center Graduates!

## Classroom to Career Award

The Sioux Center Chamber recently received The Event of the Year Award from the Mid- America Chamber Executives for our Classroom to Career program. We were incredibly humbled...and surprised....to receive this distinguished honor. However, this program has only been successful because of the tremendous support of the Sioux Center Community School and the Sioux Center Christian School who allow and encourage their teachers to attend this type of Professional Development training. Also, we had a great team of Josh Bowar, Sioux Center Christian School and Cory Gotto, Peoples Bank, who helped brainstorm and develop this program, and we are thankful for their commitment to improve our talent pipeline. We are looking forward to starting our second cohort in the fall of 2021!

RE: April 2021 TOP OF THE CROP

NAPA OMAHA Store Owners and managers

Greetings NAPA Store Owners, Managers, and Employees,

April 2021 is officially in the books. What a month it was! We had 53 stores register a 10% or greater increase against the same time last year. Simply incredible. Even more impressive are the 3 stores that posted over double the sales vs. the same month last year. That's right, DOUBLE! Or, in the case of the Sioux Center store, Don and his team almost **TRIPLED** their business! A 192% increase in sales in any given month is impressive no matter how you look at it. Don and his team have been able to make some huge strides since taking over the store just 7 months ago. Keep up the great work, Don! That same thing goes for all on this email. Because of your efforts, NAPA Omaha was also able to post a whopping 42% Sales increase in April. It is an exciting time to be in the Auto Parts business and things continue to look strong going in to the summer months. Thank you for your continued support and resilience! Have a Magnificent May! See you next month!

Kind regards,

Chad Pfaff  
Sales Manager

## Van Hofwegen and Dykstra join Sioux Center Natural gas crew

Sioux Center Municipal Utilities is welcoming Lewis Van Hofwegen and Matt Dykstra to the Natural Gas Department. This department is responsible for the operation and maintenance of Sioux Center's natural gas distribution system, adding new service connections, and assisting other utility departments as needed. "Lewis and Matt are a good fit with us and they're eager to be involved in the City of Sioux Center," Natural Gas Department Head Dave Svoboda said. "We look forward to what they'll add as part of Sioux Center Municipal Utilities." Van Hofwegen, of Ireton, joined the Natural Gas Department in March. Van Hofwegen is an Arizona native who grew up in California, where his family was involved in dairy. Most recently, Van Hofwegen worked in the dairy industry in South Dakota, handling parlor service and maintenance, and he also owned and operated his own truck.

"I enjoy learning new things and being able to work with the other utilities departments here," Van Hofwegen said, adding that he also appreciates getting to know people in the community. "If anyone ever has a question or they want to know more about what we're doing, just flag me down." Lewis and his wife Brittany have two children. He enjoys family time, traveling, golf, and buying and selling equipment.

Dykstra, of Alton, joined the Natural Gas department in April. He brings to the job a background construction, including houses, hog barns, and cement work, and experience with equipment.

"I enjoy getting to meet new people in this job," Dykstra said.

Dykstra, who grew up in Orange City, and his wife, Ali, district translator for Sioux Center Community Schools, recently welcomed a daughter to their family. They enjoy hosting friends and family and going camping.

## Waddle joins Sioux Center Parks Department

Bradley Waddle has begun a full-time role with Sioux Center Parks. His will lead parks and Tower Fields maintenance and help coordinate the part-time parks staff.

Waddle, of Sioux Center, brings a love for the outdoors and experience in recreation to this position – he managed the aquatic center in Hampton, Iowa, for six summers prior to moving to Sioux Center. He has also worked part-time four years in the Sioux Center Parks Department.

"We're excited about Bradley's enthusiasm, positive attitude, and ability to work with our younger generation of employees," said Parks

Director Lee Van Meeteren. "He has a passion for continuing to improve the tradition of high quality of life for Sioux Center residents."

Waddle enjoys working outside and appreciates the opportunity to meet new people and learn more in this role.

"We take care of what we have and help bring people to the community," he said. "I love the beautification aspect and seeing the end product, knowing we are giving back to the community with what we do."

Waddle and his wife, Jen, a fourth grade teacher at Kinsey Elementary, have three children. Waddle enjoys family time, outdoor activities like hunting, camping, and fishing, and coaching youth sports.
