FAREWAY **MEAT & GROCERY**

Fareway Meat & Grocery Year In Review

Fareway in Sioux Center has made some exciting new changes. Our E-Commerce began in June and is a great addition to our store. This option allows anyone to go online and place an order to be picked up in as little as 3 hours. Just another great way to get your quality meat, produce and other groceries from your Fareway. We hired 6 full time individuals in the last 6 months to continue to keep our customer service the number one priority. We continue to hire part-time and full-time individuals as needs and opportunities arise. Keeping the shelves full and the product fresh is just one of the countless ways we take care of our customers. We are strong believers of supporting local and have expanded our Autumn Ridge offerings out of Rock Valley and also now carry an assortment of delicious homemade cupcakes from Frosted out of Sanborn. November rolled around and we installed four Fast Lanes which is just another option for our customers to utilize. Coming in for a few things? Try our fast lanes. End up with a few more things than you expected? We still have checkers at the ready to get you on your way with a smile and a "thank you". It doesn't matter which lane you choose because we still have our well known "Carry Out" service to help you to your vehicle. Last but not least we continue to add new items on a weekly basis to better serve our customers. **We would like to thank the entire community for all of it's support throughout these years and look forward to serving you for many more years to come. #Shoplocal #ShopFareway**
