FROM THE CEO

February is traditionally the month for lovers. According to legend in the late second century, St. Valentine sent the first Valentine wish when he signed a letter "from your Valentine" to his jailer's daughter, whom he had befriended and healed from blindness. He was later martyred by the Roman emperor. Just goes to show that love is not always easy.

Our hope is that this month will bring you health and progress. Your chamber is your friend and here to help champion the just causes for the community. We are your friends.

This month let us work together and follow William Shakespeare's example, "A friend is one that knows you as you are, understands where you have been, accepts what you have become, and still, gently allows you to grow". Let us grow together.

Please stay safe and well.

Don Long, President/CEO
