

LAKE NONA REGIONAL CHAMBER OF COMMERCE

FROM THE CEO

As we focus month-to-month on returning to normal, June brings us the opportunity to think about our environment on World Environment Day, which falls on June 5. June 14 is National Flag Day when we can all raise Old Glory in support of our country. Oh, and don't forget Father's Day on June 21.

These and other celebrations coming during June should also cause us to think about how far we have come from the first onset of COVID-19. Here at the Chamber, we made significant strides to support our entire community by distributing information and PPE. We also returned to hosting in-person events with great success. It is very inspiring to welcome our friends and business partners back to our venues, where we can talk while also learning more about our community during our seminars. Thank you for your continuing support.

Please stay safe and well.

Don Long, President/CEO
