A Chamber of Commerce is a tangibly beneficial resource for your company and yourself. Consider this excerpt from “The Real Value of Joining a Local Chamber of Commerce”:

- When consumers know that a small business is a member of the chamber of commerce, they are 44% more likely to think favorably of it and 63% more likely to purchase goods or services from the company in the future.”

We fight for our members’ continued **Opportunity, Progress and Support**. We actively disagree with discrimination, threats to our community whether physical or financial, and unfair practices.
