June 2022 Note From the CEO-Fathers as Part of the Team

During May, people in our nation and around the world celebrated Mother's Day. Now, during June we will honor fathers of the world.

Father's Day 2022 will present an opportunity to honor, respect and cherish our father figures. By this I mean whether biological, adopted, step, or in-law. For most, these father figures brought a strong love and encouragement when we needed it most. As I reflect, I am thankful for my biological, step and in-law fathers who each in their own way embossed a lasting legacy on my life. Without them I would not be a capable household handyman, a man who respects the honor owed to our veterans, or a person who learned of the hardships faced by the strong immigrants who came to this country to help build it into the home of the brave.

Though none of my three father figures are still with me, I wish we could tackle a task together, get the grill going, take a walk in the woods, listen to some old records, share a meal, or listen to tales of gallantry and hardship. These are just a few suggestions that you may want to consider. This is our chance to show our love and respect for one of the home-team.

Don Long,
President/CEO
