Member **Spotlight**

For 38 years, EyeWorks has provided the most advanced eyecare, frames, and lenses to the Monadnock Region. Their team is comprised of highly trained eye health professionals and their goal is to exceed patient expectations while giving personalized service in a supportive and informative environment.

EyeWorks takes its tagline “exceptional eyecare for every generation” very seriously, from seeing babies just six months old for their very first exams, to aiding Medicare patients

with their various vision and eye health needs. Dr. Higley has also chosen to focus significantly on dry eye diagnosis and treatment—an issue for a large part of the population—and is one of only a few doctors in NH to offer a state-of-the-art treatment called Lipiflow to his patients. EyeWorks prides itself on being known for always having the latest, most advanced technology, materials, and education for doctors and staff. Learn more about the practice’s purchase of a CLARUS 500 Fundus Camera to capture ultra-wide retinal images on page 6 of Member News.

Patients have been known to travel some distance for EyeWorks’ eyecare and for their carefully selected line of high-quality eyewear.

“EyeWorks has been privately owned since the beginning,” says Dr. Higley, “but now it’s also a family business. My wife, Kari, recently joined our team as our Practice Administrator. Even our daughters are frequently seen in the office trying on frames and teaching us how to make the place even more family friendly.” Dr. Higley puts a strong emphasis on making sure that EyeWorks’ values align with his own by staying current with the latest advances in optometry, equipment, and technical skills to treat patients.

Lately, he has also placed an emphasis on serving the community that has warmly welcomed him and his family. Three years ago, Dr. Higley created the 12 Days of Giving, which has become an annual tradition, and raises money for local charities. Patients appreciate knowing that a portion of their purchase of a complete pair of glasses is donated to a local charity. Always in the “community” mindset, Dr. Higley has plans for farther reaching charitable works in 2019.

Because of his commitment to excellence and the respect of other doctors in his profession, Dr. Higley has been selected to mentor and teach the next generation of optometrists from four different optometry schools from across the nation. He hopes to inspire each student with a lifelong passion for learning, caring for patients, and smoothly running a practice. Visit them at www.eyeworks.com to learn more.

The Monadnock Food Co-op held a month-long Round It Up Donation Drive to benefit Monadnock Understands

Childhood Hunger (MUCH) from September 1 to September 31, 2018. Co-op shoppers donated over \$4,837 to MUCH. The money raised will support MUCH's fresh and local food initiatives, including their Vacation Box program.

The Monadnock Food Co-op named **Susan Ashworth** the 2018 Cooperator of the Year during its Annual Meeting & Celebration on October 26 in Keene. The Cooperator of the Year Award is given out annually to recognize a member-owner, vendor, staff member or co-op partner who exemplifies cooperative values, integral to cooperatives throughout the world. These values include self-help, self-responsibility, democracy, equality, equity, solidarity, honesty, social responsibility, openness, and caring for others.

The co-op recognized Ashworth for her six years of serving on the Monadnock Food Co-op Board and her four decades of employment at Home Healthcare, Hospice & Community Services in Keene directing Meals on Wheels, the Keene Friendly Bus, and the Friendly Meals Senior Dining Programs.

The Monadnock Food Co-op Farm Fund program, a partnership with the Cheshire County Conservation District, is now accepting applications from local farmers. Currently, in its third year, the fund has supported seven farms in our region.

This year, the Farm Fund will award up to \$18,000 to help farms in Cheshire County and abutting New Hampshire towns develop or expand their production for wholesale markets, including selling to the Monadnock Food Co-op and Food Connects. Funds can be used to support a range of projects including the purchase of equipment and infrastructure, packaging and labeling design needs, and technical assistance. The Request for Proposals and application are available at <https://monadnockfood.coop/farmfund>. Applications are due February 1, 2019.

EyeWorks, an independent optometry practice/optical boutique located in Keene, recently purchased a CLARUS 500 Fundus Camera to capture ultra-wide retinal images. These images help with the early detection of such eye diseases as diabetic retinopathy, macular degeneration and glaucoma. EyeWorks purchased the ultra-widefield retinal camera to replace a digital camera still widely used by most optometrists. The practice uses two other highly advanced technologies, the Diopsys VEP vision test and LipiFlow Thermal Pulsation System.

The vision test measures the function of the entire vision system, particularly helpful in testing young children and patients who have lost the ability to speak.

The LipiFlow System treats patients for one of the causes of dry eye, Meibomian gland dysfunction; EyeWorks is the only optometry practice in the region offering this treatment.

In Range Contacts

True North Investment Partners, LLC, is dedicated to making investments that enhance and improve the way people connect. Their flagship entry for this purpose is a mobile app, In Range Contacts. The app provides a simple, safe, secure way for cell phone users to seize opportunities to connect with friends and colleagues when they are near each other, whether traveling, attending a conference, or just enjoying a sporting event. Its unique location privacy design is a key advantage compared to other location apps. Users get all the advantages of notifications when contacts are nearby without the privacy intrusions of being mapped or having their whereabouts tracked by someone else.

Users can customize alert distances and decide which notifications to receive or send with each contact. This allows for total control

over how and when In Range Contacts notifies you and your contacts. The app's seamless integration with your phone's existing contacts makes it easy to invite them to get the app and connect with you. The FREE download is available on iPhones and Android devices via the Apple App Store and Google Play.

Businesses can deploy the app for company-specific benefits. See the "Enterprise" link on the website banner menu, or go to www.inrangecontacts.wordpress.com/enterprise/ to see how:

- Field Sales teams can improve effectiveness with customers.
- Acquisition Integration teams can increase cohesion faster.
- Leadership connectedness can be enhanced.

For more information about the platform, visit www.InRangeContacts.com. Be sure to check out the FAQs and Blog.

Montshire Pediatric Dentistry opened on West Street in August 2018 with a mission to serve the community by providing quality dental care in a comfortable setting. When planning renovations for the new clinic space, attention was given to creating a space that would meet the needs of the very youngest patients and serve them as they grow. The finished space not only supports a calm sensory environment but also serves the children's futures with greener materials- from cork and maple flooring, to 100% recyclable and compostable bamboo toothbrushes patients receive after their visits. Patients and parents appreciate this environment and many patients are reluctant to leave!

It is important to everyone at Montshire Pediatric Dentistry that their young patients are well cared for and feel comfortable, safe and confident during each dental visit. The practice strives for a successful dental experience in order to lay the foundation for healthy and happy adult experiences. Every hug and hi-five are a confirmation that they are meeting that goal!

The Hancock Market has been serving the historic town of Hancock, NH since 1878. Mr. C. W. Farmer built the store back then on land that belonged to Mr. Jedediah Fox who owned the hotel (now called The Hancock Inn and Fox Tavern) across the street.

This is a country market featuring fresh meats and seafood, locally baked goods, local dairy products, prepared foods, and fresh produce sourced from area growers during the summer and fall seasons. All year long the Market keeps handy the groceries people need at home such as the essentials for cooking and baking, health and beauty, personal care and whatever else people want to have nearby – including fresh brewed, locally roasted coffee!

The Hancock Market specializes in community. Come inside and meet the locals, hear the news and confer upon the weather. The Hancock Market is the crossroads of the world in which we live and a waypoint along our daily route of travel.

Market hours:

Monday through Friday 7:00 am - 7:00 pm
Saturday and Sunday 8:00 am - 7:00 pm.

“Just like SBW, we help keep
**our community
in great shape.**”

Best bank for our community? Ask a *local*.

The Keene Family YMCA is always exercising its commitment to their customers and our community. At Savings Bank of Walpole, we share a similar focus—which is one reason the YMCA chose us for their banking needs, including state-of-the-art online banking.

“Like us, SBW is in business because of our community and for our community,” says Hélène Mogridge. “They’re the local bank we rely on for excellent customer service

and financial services. We also share their commitment to nurturing a strong, healthy community.”

Ready to get your finances in shape with our community’s truly local bank? Come visit us, call 352-1822 or open an account online at walpolebank.com.

The savings bank of you.

Keene Toastmasters

Speak with Confidence!

Public Speaking Education Program

February 7 and March 7, 2019 from 5:30 – 6:00 pm

Hannah Grimes Center, 25 Roxbury Street, Keene NH

Have you ever wanted to give public speeches with confidence and ease? Would you like to receive tips on how to organize your speech and control your fear of speaking in public? If so, join the Keene Toastmasters at a free half hour seminar on the first Thursday in February and March 2019.

Toastmasters is recognized globally for empowering individuals to develop and improve their public speaking and leadership skills through local club meetings offering practice, evaluation and mentoring. Fortune 500 organizations like Google, Sony, Caterpillar, Coca-Cola and Bank of America all recognize the benefits of the Toastmasters program and sponsor clubs for their employees.

The public is welcome and encouraged to attend and is invited to participate in the speaking exercises. Guests are also welcome to observe. There will be prepared speeches, evaluations, and reports by members. All are invited to improve their public speaking skills with a very supportive and positive group of people! Register at www.Keene.Toastmastersclubs.org.

SAVE THE DATE!

The Walldogs Magical History Tour Festival is June 20-23, 2019! An international group of mural artists is coming to Keene for a 4-day community festival that will feature 15 murals painted on downtown buildings, in the style of vintage advertising signage. The murals will further advance the vibrancy of the

downtown area, aid tourism, boost civic pride, and provide innumerable marketing opportunities for Keene and the region. To become a project funder or to volunteer to help, visit walldogsinkeene.com.
