- in-depth explanation of what appropriate care options are available to you
- decision-support from a registered nurse
- benefits advocacy
- if clinically and financially appropriate, travel logistics so you and your loved ones can access the best care for a fair price

## What are MADA Insurance Trust members saying about VezaHealth?

"I have been struggling with neck, left shoulder & back pain for as long as I can remember! I have lost count of how many doctors and specialists I have seen over the years, only to be told that there is really nothing they can do for me. I had just about given up all hope of ever functioning like a normal person, until [VezaHealth] came into my life! [They have] taken the time to not only provide a clear path to doctors and specialists that have helped, but as importantly, [they have] taken the time to get to know me and my family. There are not enough words to express my gratitude for VezaHealth."

"Starting off the new year with a new start on life to get healthy and stay healthy."
