WHY YOU SHOULD GET INVOLVED

Gold Buckle Champion, a 501 (c) 3 nonprofit organization, focuses on equine education, youth, and preservation of our western heritage. Our focus is on promoting events that create tourism, youth participation, and community involvement through charitable opportunities. Any profits from these events go back into promoting more events

As a team member with the ICORT, Idaho Commission On Recreation & Tourism, considering the events that Gold Buckle Champions brings into the Treasure Valley, we have the opportunity to help our contestants and participants to find local services. These events bring people into town for 3-15 days for each show.

This will also be available to additional tourism websites for all visitors and a guide for locals as well.

We have developed a website with Google map capabilities to help our participants find their way around. This is also linked to a smart phone app that will help route participants to and from their hotels to the facilities, restaurants, shopping, and other excursions.

Depending on your level of participation, you will be able to just add your name and contact information or go as far as adding coupons and live links to your website. This can be billed on a monthly subscription basis also.

Charity Tailgate Competition

Sign up your company and get VIP placement. Promote your business and we will drive people to your tailgate with our passports for adventure. Winners of passports will be drawn for flat screen TV and more prizes!
